

Learn to draw Alfie!

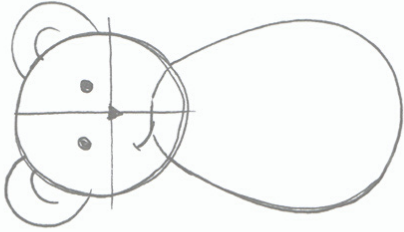

(You will need: a pencil, a black pen, an eraser and colouring pencils)

1.

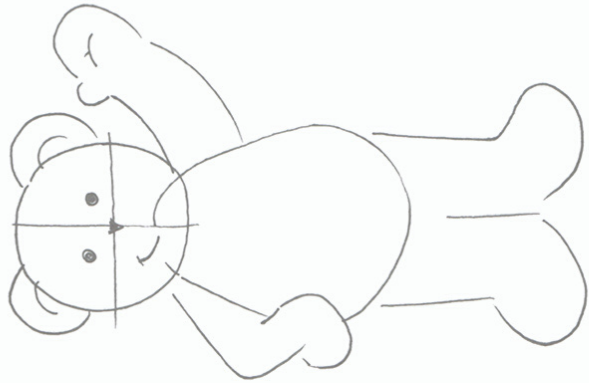

Use a pencil to draw a circle. It doesn't have to be perfect! You can draw a cross over the head to help you know where to put the eyes, nose and mouth. Add a pear shape for the body and the ears on his head...

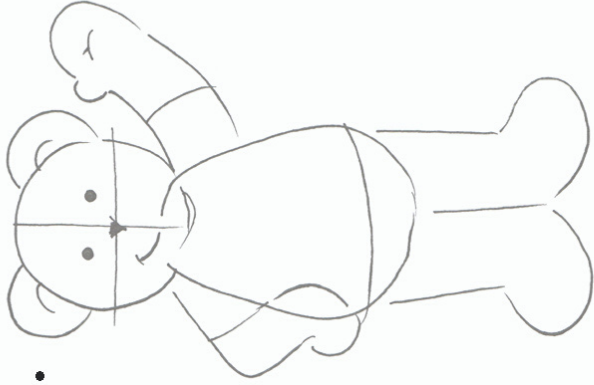

2.

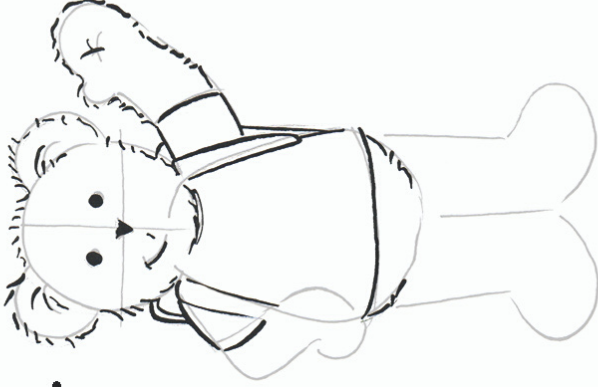

3.

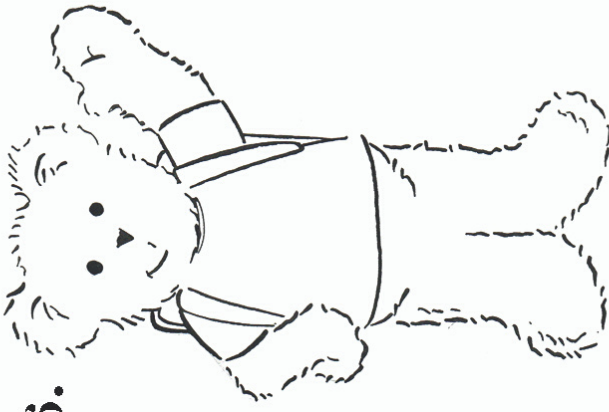

4.

5.

6.

7.

Now Alfie is ready to go over with ink! Use your pen to draw over the original sketch and add any extra details that you like. Use short, choppy lines to make his fur look soft and fluffy.

Once you're finished, give your drawing time to dry before rubbing out all the pencil marks. Once you've done that, Alfie is ready to be coloured in!

Finished!

Add the arms and the feet. If you make a mistake at any time, just rub it out with an eraser and start again until you're happy. When you're ready, add the shirt and the rucksack onto his back
