

The search is on for some special people. Embrace Child Victims of Crime is looking to staff its new national contact centre in Peterborough.

We are looking for the following job share or part-time roles:

- ISVA/IDVA trained individuals with up-to-date safeguarding credentials to work as **Service Managers**
- **Case Workers** who will deliver trauma-informed support by telephone or screen (planned appointments)
- **Lead Counsellor** with Supervision skills for individual and team supervision

Our Covid-19-friendly space is in leafy Thorpe Wood and is the HQ for our talking support services for children and young people harmed by crime across the UK.

We'd like to hear from suitably-qualified professionals who have an excellent track record of working with young people and who have a real desire to make a positive difference to our young clients.

Typically, our referrals are survivors of domestic and sexual abuse, gang violence, online grooming or have been bereaved through crime. Others may have witnessed serious crimes perpetrated on close family members.

We believe that early intervention with the right blend of emotional, practical and specialist support gives our clients the best chance of recovering from the trauma they have suffered.

We are offering competitive rates and a friendly, supportive environment with flexibility to work family-friendly hours.

For more information, please send your CV to our partner Evolve HR Consulting jon@evolvehrconsulting.co.uk before Friday 18 December.

Please note: We will acknowledge all emails but will follow up only those whose experience and qualifications best fit our needs.

 *Mending hearts, minds + families*
