

COUNSELLORS REQUIRED

Mending hearts, minds & families

Are you a qualified counsellor with an excellent track record of working with young children who have suffered trauma? Can you provide specialist trauma-informed CBT counselling sessions to children and young people aged up to 18 across the UK?

Embrace Child Victims of Crime is the only UK charity that dedicates all its time to supporting young victims and witnesses of crime and their families who are suffering trauma and facing poverty because of crime. Our Cambridgeshire-based charity is growing and we are looking to increase our bank of associate counsellors who we can call upon to work with our families who have often faced horrific trauma.

You will be required to:

- Have up-to-date safeguarding credentials
- Deliver specialist trauma-informed CBT counselling online, via telephone or face-to-face through planned appointments with children and young people.

Our Covid-friendly offices are based in Thorpe Wood, Peterborough and is the HQ for our talking support services for children and young people harmed by crime across the UK.

Many of our referrals are survivors of domestic and sexual abuse, child exploitation, gang violence, online grooming or have been bereaved through crime. Others may have witnessed serious crimes on close family members. We believe that early intervention with the right blend of emotional, practical and specialist support gives our Families the best chance of recovering from the trauma they have suffered.

We are offering competitive rates and a friendly, supportive environment with flexibility to work family-friendly hours.

For more information, please send your CV to jenny.raine@embracecvc.org.uk

We will acknowledge all emails but will follow up only those whose experience and qualifications best fit our needs.
